Figure 1 is a technical drawing of a circular part with a central slot. The drawing shows a large circle with a smaller circle inside it, forming a slot. Dimension lines indicate a width of 0.382 with a tolerance of +0.005/-0.000 and a depth of 0.150.

A perspective view of a mechanical part, likely a bracket or support. It features two large rectangular cutouts on the left and right sides, each with a small circular hole in its center. A dashed line runs diagonally across the top surface, indicating a section line. Two arrows point from the dashed line towards the top edge of the part.

A vertical assembly consisting of a central rectangular block with a cross-hatched pattern. This block is flanked by two smaller rectangular blocks, one on each side. The bottom corners of the central block are chamfered, with each chamfer labeled "R0.05 REF".
